Shoes are to be black in any practical style and boots are not permitted unless specifically requested by the school e.g. in adverse conditions, on a school trip or at the written request of a medical practitioner. Open-toe sandals are not allowed as little toes can easily be stubbed or grazed on the playground.

If there is a medical reason for the adaption you have made to the uniform or you wish to discuss this matter in private please let the school office know and either myself or a member of the Senior Leadership team will call you to discuss and agree a way forward.
