

Croeso / Welcome to Llandaff City for

an informal meeting for parents and carers
about the support services available to
families – 21st October 2022

Well-being is central to us here at Llandaff City. Here are the ways in which we act to identify, promote and support the well-being of our school community.

Family Help advisors:

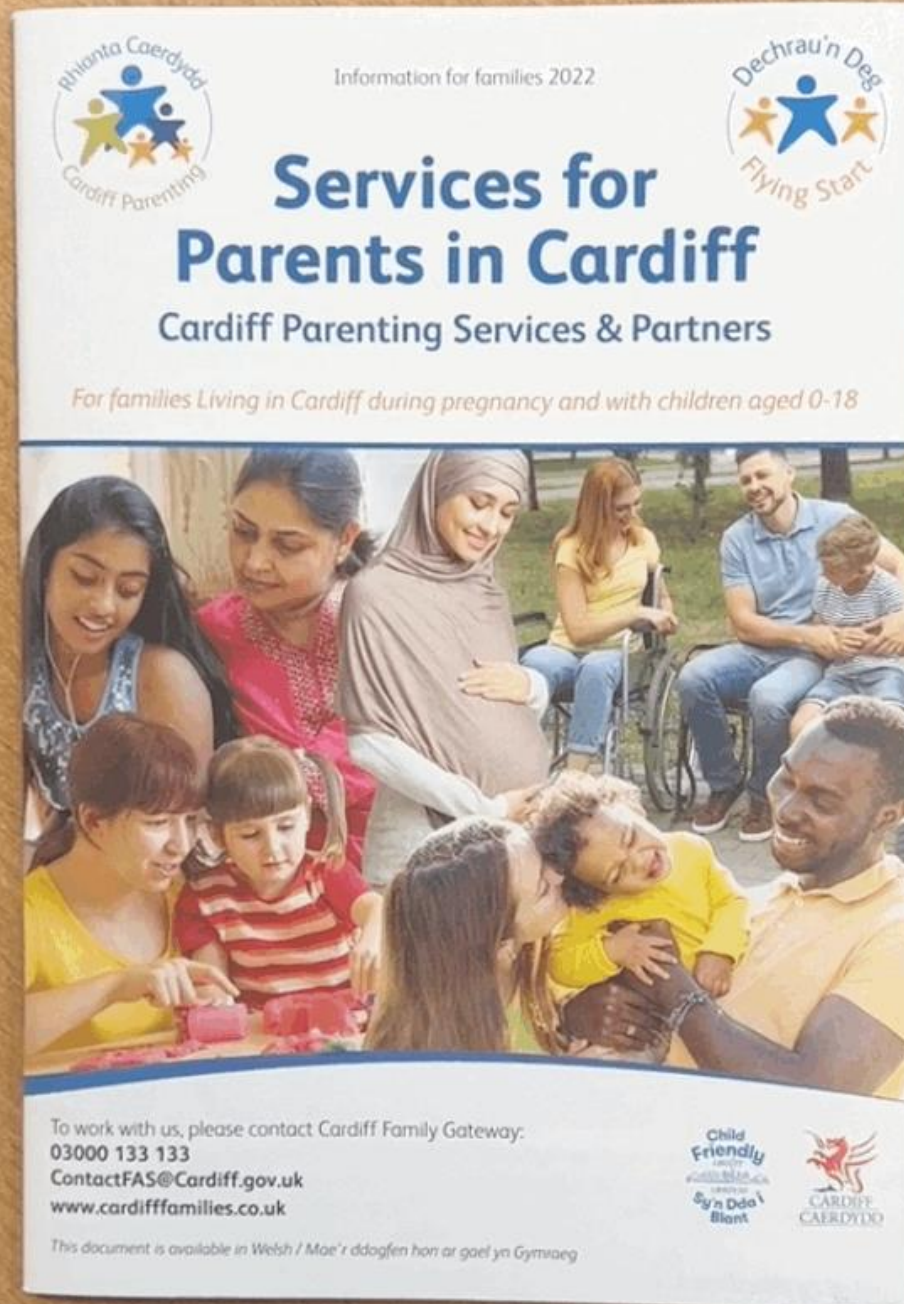

Highly recommended as a service along with your GP that could offer support to your child and your family:

Also known as Early Help

= Early Help is the name given to a collection of teams that offer a range of early intervention and prevention services to support the well-being of infants, children, young people and their care givers across Cardiff

Seeking assistance with housing:

Call the housing helpline on **02920 570 750** or email **housingoptionscentre@cardiff.gov.uk**

The team will triage the call and determine what help is needed, such as an appointment with a homeless prevention officer, or advice around housing options.

Church –Clergy from your Parish Church may also be able to offer your family support.

Children's Services:

In Llandaff City we have two staff members that lead Child Protection and Safeguarding.

These are the Headteacher – Mrs Annette James-Griffiths and the Deputy Head Teacher - Mr Johns.

Where school and home identify a child is in need of additional help, it may be useful to refer a child to Children's Services as part of a Child in Need referral. Such referrals require parents to want to engage with support to help their child. **Children's Services can be really helpful in helping families to access support provisions available from across the City.**

If a matter is of a **Child Protection** nature the Headteacher or Deputy may refer a child to Children's Services as part of a Child Protection matter. Where possible, parents are made aware of the referral but there are occasions when this isn't possible.

Cardiff Youth Justice Service works in partnership to prevent anti social behaviour, offending and re-offending young people aged 10 – 17 years. It also offers support to victims of youth crime and anti-social behaviour.

Families with a cancer diagnosis

www.kidscancercharity.org – Offers support to children affected by cancer.

Nurture — One of Llandaff City's approaches to supporting the emotional health and well-being of pupils.

Nurture is currently made available to pupils in years 3 – 6 as part of the school day on a Friday.

The sessions are run by a staff member and cover an array of topics relevant to the needs of the pupils. For these sessions children can be grouped together from across the school – based on need.

Please talk to Mrs Hathway or your child's class teacher if you would be interested in finding out more about '*Nurture*' or you would like your child to be considered for '*Nurture*'.

Final message from the Headteacher

Please don't be afraid or anxious about asking for help.
Llandaff City has a wonderful team of staff all ready to guide and support you and your family.
